

## Civil Engineer - Municipal

Leading Mid-Atlantic engineering firm seeks Civil Engineer for our Salisbury, MD and Milford, DE offices.

Duties shall include, but not be limited to, assistance in funding acquisition, planning, design, construction administration, and inspection of municipal and public infrastructure projects, including water, wastewater, stormwater and street projects.

Applicants should possess a Bachelor's degree in Civil, Environmental, or Mechanical Engineering. Desired qualifications include problem solving aptitude, the ability to work with colleagues and clients, and proficiency in CAD. Basic knowledge of water, wastewater, stormwater, and/or roadway systems is preferred. PE licenses in both Delaware and Maryland or the ability to obtain preferred but not required.

We offer a professional setting to work and develop your engineering career, an attractive incentive package, liberal PTO, and very competitive benefits. We are located in downtown Salisbury, a thriving college town situated approximately 30 minutes from Maryland beaches. Our office is centrally located on the Delmarva Peninsula, approximately 2.5 hours drive from several major metropolitan areas including Washington, DC; Baltimore, MD; Philadelphia, PA; and Virginia Beach, VA.
