

**FOR IMMEDIATE RELEASE**

## Bozick Joins DBF, Inc.

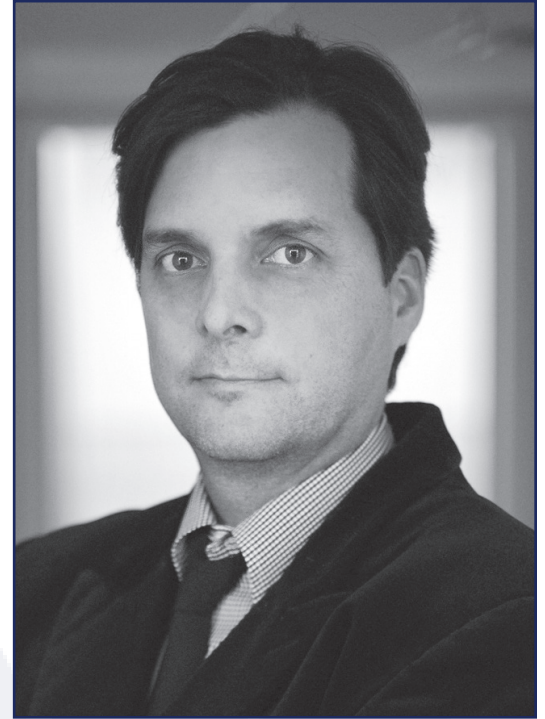

Davis, Bowen & Friedel, Inc., is pleased to announce the addition of Peter Bozick to its Salisbury firm. Prior to joining DBF, Inc., Mr. Bozick provided Civil Design services to the Atlantic Group & Associates as well as other architecture, engineering, and surveying professionals located on the Eastern Shore.

A graduate of Boston College, Mr. Bozick brings more than a decade of experience in the field of surveying/engineering to DBF, Inc. where he will continue to employ his CAD Civil Design skills. Just a few of the projects to which he has contributed include the MAC Center classroom addition in Salisbury, Maryland, park improvements in Accomack County, Virginia, and The Reserves at Nassau in Sussex County, Delaware.

According to Jason Loar, P.E., a Principal with DBF, Inc., "Pete has been a great addition to the DBF family. His diverse experience in survey and site design has been a great help on multiple projects...and his musical skills aren't bad either."

When not utilizing his Civil Design abilities, Mr. Bozick lends his musical talents to The Larks, a well-known local jazz band he founded in 2002.

Davis, Bowen & Friedel, Inc., is a full-service architectural, engineering, and surveying firm, with offices in Salisbury and Easton, Maryland, and in Milford, Delaware. Additional information can be found online at [www.dbfinc.com](http://www.dbfinc.com).
