

FOR IMMEDIATE RELEASE

Ridgely Selected for “40 Under 40” Award

Davis, Bowen & Friedel, Inc., is pleased to announce that associate and project manager Daniel Ridgely has been selected by the *Delaware Business Times* as one of their 2014 “40 Under 40” award recipients. With this first annual “40 Under 40” award, the *Delaware Business Times* sought out 40 residents under the age of 40 who are on the rise professionally and committed to serving their community.

Initial candidates were chosen from within the three Delaware counties based upon their entrepreneurial spirit, position within the professional community, and their personal engagement in local communities and civic organizations. Recommended for the award by Sam Waltz, it was Mr. Ridgely’s architectural work on projects like the Best Western Gold Leaf in Dewey Beach, the Camden Town Hall and the Frankford Fire Hall, along with his position as an adjunct professor at Delaware Technical & Community College and his role with the Delaware Valley Green Building Council, which were all contributing factors in the final selection process.

Mr. Ridgely joined Davis, Bowen & Friedel, Inc., in 2006, moved to associate in 2012, and he is currently managing several ongoing projects for the State of Delaware’s Division of Health and Social Services as well as many other public and private clients. Additionally, he is currently working on a major renovation at Delaware Technical and Community College’s Owens Campus in Georgetown which will convert their existing library building into a ‘Learning Commons’. This will be the largest Learning Commons within all of Delaware Tech’s campuses, and has been designed to be an exciting and interactive space.

Davis, Bowen & Friedel, Inc., is a full-service architectural, engineering, and surveying firm, with offices in Milford, Delaware, and in Salisbury and Easton, Maryland. More information can be found at www.dbfinc.com.
