American Iron and Steel

Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All iron and steel products used in this project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and Construction Materials.

The following waivers apply to this Contract:

De Minimis, Minor Components, Pig iron and direct reduced iron.

This project is being funded through agencies such as the Maryland Department of the Environment (MDE) State Revolving Loan Fund (as administered by MDE) and United States Department of Agriculture-Rural Development (USDA-RD). All requirements in regard to Minority/Women/Disadvantage Business Enterprises shall apply as indicated in the CONTRACT DOCUMENTS. All Bidders must utilize to the greatest extent feasible minority/women/disadvantage businesses and will not discriminate on the basis of race, color, sex, or national origin in considering minority/women/disadvantage businesses for subcontracting and/or material supplies.

Bid security shall be furnished in accordance with the Instructions to Bidders.
