

Davis, Bowen & Friedel, Inc.'s Nichols and Carpenter attain P.E. License

Steven P. Nichols, P.E.

Davis, Bowen & Friedel, Inc. (DBF) is pleased to announce that Steven P. Nichols, P.E. and Wendy J. Carpenter, P.E. have recently attained professional engineering licensure in the state of Delaware.

A graduate of New York's Rochester Institute of Technology, Nichols relocated to the Salisbury, Maryland area in 2014. Experienced with water and wastewater design implementation, site design, site layout, grading, utility layout/design, and the development of construction documents, he has performed on-site inspections and reporting, site surveys and stakeouts, investigative field work, and construction phase documentation for a variety of projects on the Eastern Shore. Nichols is also a registered professional engineer in the state of New York and the state of Maryland and is a member of the American Society of Civil Engineers.

Carpenter, a graduate of the University of Delaware, has 14 years of experience in transportation enhancement, foundation design and overall project cost estimation. Her current role at DBF includes site access design, preparing traffic impact studies (TIS), traffic operation analysis (TOA), signal warrant analysis, submitting traffic signal designs, traffic management plans (TMP) and coordinating various traffic related issues with DelDot, Maryland SHA and other local jurisdictions.

"The process of attaining licensure is rigorous and takes a lot of time and dedication. Having these two on our team proves to be an invaluable asset to our clients and our firm," said Jason Loar, P.E., and DBF principal. "Everyone at DBF would like to congratulate both Wendy and Steve on this accomplishment."

Davis, Bowen & Friedel, Inc., is a full-service architectural, engineering, planning and surveying firm with offices in Salisbury and Easton, Maryland, and in Milford, Delaware. For additional information about DBF, visit www.dbfinc.com.
