

FOR IMMEDIATE RELEASE

DBF, Inc.'s Duma Attains P.E. Status

Davis, Bowen & Friedel, Inc., is pleased to announce the approval of Robert J. Duma, P.E., for licensure by the Maryland Board for Professional Engineers as a Professional Engineer (P.E.). Mr. Duma's successful completion of the National Council of Examiners for Engineering and Surveying (NCEES) examination demonstrates his knowledge, skills, and ability to provide civil engineering services that meet or exceed the recognized standard of competence in the State of Maryland while maintaining the highest levels of health, safety and welfare of the public.

Mr. Duma's engineering career began with his internship with Davis, Bowen, & Friedel, Inc., in 2005 during his senior year at Parkside High School. Rob remained a summer intern each year thereafter while he attended UMES and UMCP. Upon completion of his Bachelors of Science in Civil Engineering, Mr. Duma joined the firm's municipal engineering department where he has worked on all aspects of engineering projects. He has experience in providing water and wastewater engineering services to clients including on-call engineering, preliminary engineering, project design, construction administration, and field inspection. Mr. Duma is currently the Pretreatment Coordinator for Hurlock, MD, and Bridgeville, DE, where he monitors industrial users for the EPA's Pretreatment Program.

Davis, Bowen & Friedel, Inc., is a full-service architectural, engineering, and surveying firm, with offices in Salisbury and Easton, Maryland, and in Milford, Delaware. More information can be found at www.dbfinc.com.
